LEADERSHIP CONNECTIONS™

Where Leaders Connect

Leadership Connections is the premier national conference for decision-makers and leaders in early childhood education. The conference brings together dedicated professionals interested in early childhood leadership, including administrators, technical assistance specialists, and coaches.

Our commitment to family child care professionals continues. The second annual Family Child Care Summit will be held on Friday and Saturday of the conference, with specialized sessions designed for those desiring to enhance their businesses and leadership abilities within the family child care home setting.

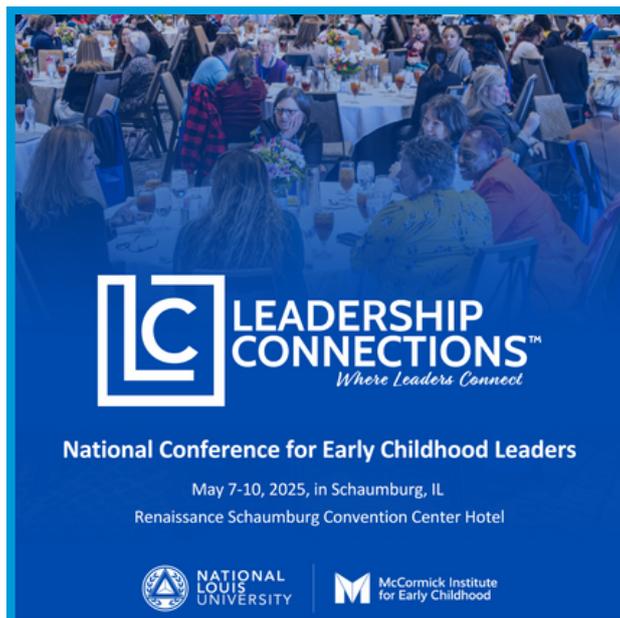

“Leadership in Bloom,” will be held at the Renaissance Schaumburg, a new venue for Leadership Connections, from May 7-10, 2025.
